

Hello,

I am looking to be on the PYIB in a possible position as a director. My name is Katie Tasker I have been in insurance since 2021. I worked briefly at broker link in service personal lines. I moved over to CJ Campbell in Dec of 2022. I worked for the first 18 months in commercial as an assistant and moved over into an account manager position to personal lines. I worked in health care and education prior to my insurance career. I found insurance very interesting and stable for my family and haven't looked back ever since. I am currently working towards my CAIB designation and looking towards the future in my current brokerage and what it has to offer. I believe being on the PYIB as a director would further expand my knowledge and offer a lot more opportunities to grow in this industry. Thank you for considering me for this position.

Regards,

Katie
